

President:

Hi, my name is Simir Aulakh and I'm currently a sophomore at John F. Kennedy. I'm excited to start this new chapter because I want to help create a positive impact in my community. I enjoy working with others, taking on leadership opportunities, and bringing new ideas to the table. I also hope to become a pediatrician in the future, which motivates me to make a difference in the lives of others. I'm looking forward to growing Hearts for Healing, meeting new people, and making a difference together.

Secretary:

Hello! My name is Ellie Tan and I'm a sophomore in Kennedy High School. I am so glad to be a part of the Hearts for Healing team because I know it will make a helpful impact on the community. I am a big advocate for mental health and wellness, so I believe that educating others about this topic is very important. Through Girl Scouts and my other extracurriculars, I was able to take part in various community service projects in my life.

Treasure:

Heyy! My name is Aditi Chaudary. I am a sophomore in Kennedy High School. I am super excited to be part of the Hearts for Healing team because I aspire to do something related to cardiology in the future. I think mental health is a very crucial part in a person's life, I participate in numerous programs related to mental health where we organize events for self care like making bracelets for a good cause. I love giving back to my community—I've completed over 100+ volunteer hours at my local library and am part of an Academy of Sciences, where I combine my love for problem-solving and medicine with engineering. To prepare for the future, I've taken a college-level speech course and earned a 97%, which helped me build confidence in public speaking and communication.

Vice president:

Hey! My name is Anam Ahmed and I'm a sophomore at Kennedy High School. I am so excited to be a part of the Hearts for Healing team and I look forward to helping it make a lasting impact on the community. I have been volunteering since the age of 7 and, last year I completed over 100+ hours of community service and I hope to continue giving my all to my community. Through Boy Scouts, volunteer opportunities, and other activities, I have gained valuable leadership skills and have led numerous volunteer and leadership activities that allowed me to support others and grow as a leader. I am especially interested in pursuing a career as an ER nurse, where I can use my skills to help people in urgent need and make a real difference in their lives.
